Five Element Information

ie. A weak water person would like metal & water because it makes water stronger.

ie. A strong water person would mean that it has too much metal and water. As such element which destroy water ie Earth becomes a favourable element to Strong Water person to control the excess water and metal.

How to Personalise your Feng Shui

1. Know what element you belong to? (<http://freereport.geomancy.net>)

i.e. weak Water person

- Favourable Element/Colour: **Metal (white/gold) / Water (blue/black/gray)**
- Unfavourable Element/Colour: **Wood (green/brown) / Earth (yellow/Orange)**
- Wealth Element/Colour: Fire (red)

Since you are a **weak Metal**, you don't want to be too weak otherwise you cannot take advantage of your Wealth Element.

Thus, you should increase yourself with your favourable elements as follows.

| Favourable Elements | | Unfavourable Elements | |
|---------------------|---|-------------------------------------|---|
| EARTH 土 | Most Favourable Element Colour: yellow | FIRE 火 | Most Unfavourable Element Colour: red |
| METAL 金 | Favourable Element Colour: white/gold | WATER 水 | Unfavourable Element Colour: blue/black/gray |
| | | Unfavourable Wealth Elements | |
| | | WOOD 木 | Wealth Element Colour: green/brown |

Knowing this you can then improve your own luck by:-

- Owning a house that is Water (North facing)
- Choosing colours like Blue/Black/Gray (Water) element for your own personal dress/car/bedroom decor
- Choosing a career or starting a business in industry favourable to your element ie Advertising career (water)

2. Does a House or Bedroom suits you? (<http://www.geomancy.net/fs/house1.htm>)

- A house has to be favourable to the breadwinner (person earning most for the family) to get maximum luck from the house. i.e. North facing house is Excellent to Breadwinner. Avoid a house that is Death or Disaster.
- For all other family members, they should at least stay in a bedroom which is favourable to them to get maximum luck from the room. i.e. Bedroom is in Health/Longevity sector of the house.

3. General Shapes and Form issue about a house:-

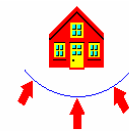

- House should not have any major Qi leak, ie open door with a window directly opposite.

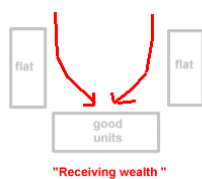

Fixes: Use a partition to block the qi leak from main door to the window.

- Look out from your main door or balcony. Make sure no poison arrow from the surrounding (ie. A single lamp post, corner of a building opposite you)

Fixes: Once you cannot see the threat it is no longer a threat. i.e. keep day curtain closed, or if have some plants or object in the way.

beware of pointed roofs, sides of buildings or any objects pointing towards the front of the house.

- Major luck of a house comes from the external surrounding. There for a house that can receive wealth from another house are the best and most ideal houses.
